

December 10th, Gdansk 2019

**To the Headmistress
Armenian United Elementary School
Aleppo**

Dear Madam,

Due to the educational reform in Poland, our school no longer functions as a school complex. We have been merely operating as a primary school since 2nd September 2019. Nowadays, St Casimir's Catholic Primary School is successfully growing and educating 165 pupils from Gdansk and its surroundings.

All the time we hear media reports on the present-day situation in Syria. We are still willing to financially support your school as far as we can. Our pupils' parents and part of a teaching team committed themselves to regular payments until June 2020. We hope that these modest amounts of money bring you a little bit of joy.

We are also glad with the letter exchange between your pupils and ours. Thanks to your children's letters, our pupils are deeply moved by what is happening in Aleppo. We are convinced that our letters give young Syrians hope as well as a little bit of joy.

On the occasion of the commencing festival of Christmas, we are wishing your school community peace that flows from both faith in God and the people who insistently strive for justice and ceasing hostilities in your country and all over the world.

God bless you!

Happy New Year 2020!

DYREKTOR

ks. mgr Krzysztof Mudlaff
